PRODUCT DESCRIPTION

NORC ENORM *db* SAE 5W-30 is a superior low friction fully synthetic lubricating engine oil for an ultimate engine protection and performance.

NORC ENORM *db* SAE 5W-30 is a multi-grade engine oil especially developed and formulated with the finest synthetic base stocks and advanced additive technology, to keep engines healthy and efficient. It reduces carbon sludge build up under harsh driving conditions. It provides superior low friction with strengthened oil film for greater engine response and fuel efficiency.

NORC ENORM *db* SAE 5W-30 is engineered to fulfill and / or exceed the performance requirements of ACEA A3/B4, and it is excellently suited for use in passenger cars and light trucks, equipped with benzin and diesel engines, both turbocharged and non-turbocharged.

BENEFITS

- Excellent wear and high heat protection
- Excellent viscosity retention
- Excellent engine protection under harsh driving conditions
- Improve engine efficiency and longevity
- Low oil & fuel consumptions
- Long drain interval
- Reduce carbon sludge build up
- Superior low friction characteristics
